Association Strategy

FORMALIZED STRATEGY:

VISION:

To become the most dynamic and value-adding organization that facilitates the building of a prosperous information society for the SADC Region.

MISSION:

To co-ordinate the development of Regional Information and Communication Technology (ICT) networks and services that are responsive to the diverse needs of the SADC Socio-Economic Development Programmes

OBJECTIVES:

Refer to the Strategic Plan 2022

PURPOSE

The Association is the voice of the Telecommunications/ICT industry representing more than 50% of the companies on the ICT sector in the Southern Africa Development Community. As the regional ICT chamber, SATA represents companies of the ICT sector doing business in the region.

Through the activities implemented, SATA is the:

- Voice and resource of a competitive ICT sector, supporting an innovation-driven economy and a key contributor to the region's prosperity and economic development.
- Enabler for growth of the ICT businesses, their recognition and image domestically and abroad, as well as enriching the regional prosperity and economy by having stronger, organized and progressive ICT industry.
